PROFESSIONAL SUMMARY

Junior MERN Stack Developer with 1 year of production experience building scalable web and mobile applications using MongoDB, Express.js, React.js, and Node.js. Delivered end-to-end ERP modules, reusable React components, RESTful APIs, and third-party API integrations across two professional roles. Proficient in JavaScript (ES6+), clean architecture, JWT authentication, RBAC, MongoDB query optimization, and responsive UI development. Comfortable working across both frontend and backend throughout the full development cycle.

TECHNICAL SKILLS

Frontend:	React.js, Next.js, Redux Toolkit, Tailwind CSS, Bootstrap, HTML5, CSS3, Framer Motion
Mobile:	React Native
Backend:	Node.js, Express.js, Fastify, REST API Design, JWT Authentication
Database:	MongoDB
Real-Time:	Socket.io, WebSockets, Event-Driven Architecture
Cloud & DevOps:	Vercel, Render, Netlify, Cloudinary, CI/CD, Git, GitHub
Integrations:	Claude API, OpenAI API, Stripe API, PDFKit
Languages:	JavaScript (ES6+), TypeScript

EXPERIENCE

Necttos OPC Private Limited, Pattambi Nov 2025 – Apr 2026

Full Stack Developer — React.js, React Native, Node.js, Express.js, MongoDB

- Architected and maintained React.js frontend for a multi-module ERP web platform — built reusable components, dashboards, data-heavy tables, and multi-step forms with consistent UX.
- Developed Transfer Certificate (TC) generation module using Node.js and PDFKit, automating dynamic PDF creation and eliminating 100% of manual document processing.
- Built Alumni Management system with advanced search, profile tracking, and statistics dashboards powered by MongoDB aggregation pipelines.
- Implemented DepartmentOnboarding multi-step React Native screen with controlled form state, resolving a critical bug preventing empty values from overwriting database records.
- Designed and maintained RESTful APIs in Node.js/Express.js with consistent data contracts serving both web and mobile clients across 5+ feature modules.
- Participated in code reviews, enforced code quality standards, and collaborated with team to ship features across React.js and React Native on schedule.

Softroniics, Perinthalmanna May 2025 – Nov 2025

MERN Stack Developer Intern — React.js, Node.js, Express.js, MongoDB

- Developed and shipped full-stack features using React.js and Node.js/Express.js, taking end-to-end ownership from API design to UI integration.
- Implemented JWT authentication, role-based access control (RBAC), and modular middleware routing, improving API security and maintainability.
- Optimized MongoDB query performance using compound indexing and aggregation pipeline refactoring, reducing response times on high-frequency endpoints.
- Integrated third-party services and real-time event broadcasting with Socket.io; deployed on Render and Vercel with CI/CD configuration.

PROJECTS

DevPulse — AI-Powered Code Review Platform

Node.js • Express.js • Next.js • MongoDB • Claude API • REST APIs

- Built full-stack developer productivity tool integrating Claude API to automatically analyze code quality and return structured review scores; developed Next.js frontend with real-time feedback display.
- Implemented RBAC, review history tracking, session management, and CI/CD deployment on Render.

Malappuram FC Ultras — Football Community Platform

React.js • Node.js • Express.js • MongoDB • Tailwind CSS

- Built mobile-responsive React.js frontend with admin-controlled standings and fixtures; implemented backend response caching for optimized read performance under traffic.

Synapse — NSS Management Portal

Node.js • Express.js • MongoDB • Socket.io • Stripe API • OpenAI API

- Built multi-role portal with JWT auth, real-time group chat (Socket.io), Stripe payment integration, automated PDF certificate generation, and OpenAI content summaries.

Lumio — Social Media Platform

Node.js • Express.js • MongoDB • React.js • Tailwind CSS • Framer Motion

- Developed social features (posts, likes, comments, OTP login, account recovery) with rate limiting, input validation, and mobile-first animated React.js UI using Framer Motion.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science 2022 – 2025

GEMS Arts & Science College, Ramapuram — Calicut University, Kerala

CERTIFICATIONS

AI Hackathon Participant — Softroniics, Perinthalmanna 2025

LANGUAGES

English (Fluent) | Malayalam (Native) | Hindi (Conversational)
